

The Summit School Annual Fund

The purpose of The Summit Schools' Annual Fund is to raise immediate income to help bridge the gap between what tuition provides and what it really costs to deliver an outstanding education. Tuition does not cover all of the expenses of a Summit education; on the other hand to raise tuition would quickly price the school out of the market.

Gifts made to The Annual Fund benefit every student in the Summit community. The Annual Fund is our top fundraising priority and the fundraiser we ask EVERY family to support. Your participation encourages

others to give, helps persuade foundations and corporations to invest in our school and sends a message that Summit makes a difference.

What does The Annual Fund support?

The Annual Fund supports everything that sustains The Summit School experience, including:

- Professional enrichment programs and benefits to attract and retain outstanding faculty and staff.
- Cutting-edge, age-appropriate technology education at all grade levels.
- Financial aid for deserving students.
- Ongoing maintenance of our campus including facilities, gardens, playing fields, and grounds.
- Annual gifts allow us the flexibility to respond to unexpected challenges in a timely manner.
