

The Summit School Endowment Fund

The endowment fund is the school's investment fund, its safety net for the future. It is a permanent fund that invests the principle and allows only a percentage of earned income to be spent. These charitable gifts are essential to help us strengthen scholarships, improve faculty salaries and benefits, and to restore facilities as needed.

Donors may request that their gifts to the endowment be designated as either unrestricted, providing the most flexibility for Summit, or restricted for a particular purpose. Endowment gifts leave a lasting imprint on the future of the school and provide for its students, its faculty and its facilities for many years to come.
