

The Summit School Faculty Fund

At Summit, lesson plans do not come from a teacher's guide; they come from our teachers who translate diagnostic information into individualized instructional activities. Because of our dedicated teachers, our students succeed in the classroom and in life.

Eighty percent of our operating budget pays faculty and staff salaries and benefits, yet our salaries are modest. The Summit School's Faculty Fund gives you an opportunity to strengthen each teacher's compensation. Your donation will help assure that we recruit and retain the finest professionals in the field. When you make a gift to this fund, you change the lives of our teachers and the students that they teach.
