

The Summit School

Advancement News

Fall 2015

Included inside:

- News from the Advancement Office
- Donor Profile
- 2014-2015 Donor Report

From the Advancement Office

From Ginny Joy, Director of Institutional Advancement

As we begin a new school year we are all challenged by how busy our schedules become. I would like to stop and take a moment to thank everyone who made a tremendous difference last year in the fiscal health of our small but mighty school. The generosity of our donors makes a difference every day for our students. Please take a moment to read below about how one Summit family, The Wheelers, have made a difference.

We are well positioned this year to surpass the achievements of last year. And with your help and continued support we will. THANK YOU!

P.S. Sign up for CFC in October!

If you work for the Federal Government, please consider donating through the Combined Federal Campaign (CFC). The Summit School is listed under Human Development Corporation #46169.

We have a few wish list items that would make the start of the new year complete. If you are interested in helping with any of these items, please contact me.

- | | |
|---------------------------------------|--------------|
| 1. SMART Boards (2) | \$1,300 each |
| 2. Ceiling mounted LCD projectors (2) | \$550 each |
| 3. Teacher iPads (20) | \$600 each |
| 4. Athletic Team Sponsor | \$500 |
| 5. Shakespeare Theater Residence | \$800 |

Donor Profile: *The Wheeler Family*

When Ethan started at Summit as a 1st grade student, we could not have imagined how their family would impact Summit in so many ways. Since their first walk up the hill, they have embraced and supported Summit from volunteering their time to giving to Annual Fund, Gala, Endowment, Faculty Fund, the Technology Program, and our Athletics Program.

Parent volunteers are so important to making our school run smoothly and efficiently. Rick Wheeler did not hesitate to step up to the plate when a coach was needed for the lacrosse team. He understands the importance of our Athletic Program and that it provides our students with school pride and a well-rounded experience. Kathleen has always been available to fill volunteer roles from working on our Gala to sending in the "request of the day" to providing lunches for our teachers on Wednesdays.

The importance of participation through giving is best explained by the way one gift can have a multiplying effect. This is particularly true in the case of grant applications and the Annual Fund. Summit must show that the majority of our current parent population is supporting us through contributions in order to be considered for grant dollars. The Wheelers are very sensitive to this fact. Through a matching gift, they were instrumental in encouraging parent participation and increasing donations to our Endowment Fund, which is critical to the future of Summit.

The Wheeler family also made a significant difference with their donation to our Technology Program. They generously kick-started our 1:1 iPad program which provided faculty with the flexibility to maximize lessons and change the look and feel of homework assignments. Rick and Kathleen are pleased that their contributions "transformed the school in mindset and approach, and changed how the students work every day."

Rick and Kathleen both encourage parents to "find your passion and figure out how to contribute and give back to the school. Philanthropy is what you make out of it, from volunteering for a field trip, giving to Annual Fund, or sprucing up the flower beds - all help to make Summit the best it can be."

Through donors and volunteers such as the Wheelers, who appreciate the importance of Summit's mission, we are able to provide the best possible education for our unique learners.
