

The Summit School Sponsorship Opportunities

Summit's special events, such as our annual Gala and Golf Tournament, enable us to not only raise the funds necessary for our program but also build support and awareness in the community. Sponsorships make these special events possible and are great marketing opportunities for local businesses.

Athletics are very important to Summit's program. Our students thrive and succeed because they are offered a well-rounded experience at Summit, which includes a strong athletic program. By sponsoring an athletic team, you are changing the lives of our students who gain confidence and learn

teamwork through participating in sports. Join other local businesses who support our teams while gaining exposure in the community.
